Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance, improve, develop and maintain public education in, and appreciation of, the art, heritage and science of music in all its aspects, and in particular as they relate to the hammered, plucked and mountain dulcimer families of musical instruments (including international variants), primarily but not exclusively within the British Isles and by any means the trustees see fit; including through the presentation of public concerts, recitals, workshops, lectures, festivals, conferences, exhibitions and the provision of grants in support of these aims.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Our member-led online sessions, which started in 2020, were continued into 2024/25. We adjusted our approach with 2 different regular sessions approximately monthly. We continued with a range of online events using a mix of professional tutors and volunteers as they have proved beneficial even though in-person events have resumed. This includes a new series of online educational beginner sessions for both mountain dulcimer and hammered dulcimer. We also supported online events and teaching from other related organisations and musicians.

This year we ran a full programme of in person events, continuing to provide revised COVID guidelines for them.

Our members attend many festivals and community events where they promote dulcimers, with information and support from the club.

We helped a member in Italy with publicity to run community based Mountain Dulcimer events.

We strengthened the relationship with the Morpeth Gathering and we were invited to hold a 'meet the dulcimer' event and run a 'have a go' session which was extremely well supported. Associated with this, we organised our annual Spring Fling event in nearby Newcastle. As part of this initiative, we link up with the local folk community before and during the event. This includes a programmed visit to the well-known Bridge Folk Club and a presentation by a notable Northumbrian folk musician as guest speaker.

We continued our residential Annual Weekends in October 2024 at The Hayes, Derbyshire with workshops at three levels for both hammered and mountain dulcimers, as well as concerts and music sessions and our Annual General Meeting, with 69 people attending.

We continued to develop our YouTube channel, with a range of videos from our events.

We published a quarterly newsletter 'Nonsuch News'. This provides information about events, educational material and items of interest to those interested in dulcimers. This is sent out to all members.

We loaned hammered dulcimers to 12 players over the year.

We have a bank of 24 mountain dulcimers which are used for workshops. They were used several times in 2024-2025, and members of the public had the opportunity to play an instrument with support from an expert. This year, it included a project running over several weeks for a group of women with learning disabilities, in collaboration with Sheffield based charity "Under the Stars".

The charity trustees confirm that they have had regard to the guidance issued by the Charity Commission on public benefit, and have followed this in planning and undertaking our activities.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grant making;
- policy programme related investment;
- contribution made by volunteers.

We had 35 volunteers helping us with various aspects of organisation over the period (not including trustees).

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We adjusted our Spring Fling event in Newcastle to incorporate a hammered dulcimer tutor. We continued to develop our relationships with the local community for this event, creating a blueprint for future years.

Over the year, there was an 8% increase in members to 371. New members often join having attended beginners' workshops at festivals or community events. We have also managed to attract some younger members, particularly students who have a discount to attend our Annual Weekend.

We published (4) newsletters for members, and a membership directory.

We continue to develop our policy documents and operating plan as a basis for a successful and well managed charity.

Section E

Financial review

Brief statement of the charity's policy on reserves

The Nonsuch Dulcimer Club ensures it has sufficient cash reserves at any time to cover all its outstanding commitments.

For the reporting period we had a written reserves policy. This policy sets a reserve of £17,000 for 2024/25, based on potential commitments over the year, as well as cash flow for general expenses.

Maintaining these reserves will not impact our ability to implement club programmes.

Details of any funds materially in deficit

The trustees review the level of reserves that are required at least annually to ensure that they are adequate to fulfil our continuing obligations.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

At the end of the period, we had 371 members. The membership fees (which have remained at £10 per annum for UK members for many years) covered our basic operating costs.

Additional variable income is generated by organising our workshop events throughout the year, which support our key objectives. These are designed generally to break even, but as they are popular we sometimes make a small surplus which is used to further the aims of the charity.

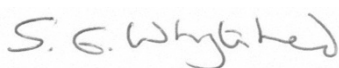

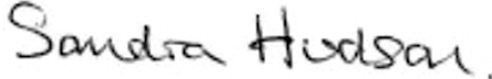

Our accounts are prepared on a receipts and payments basis. This year our accounts show a surplus of £8,662. The income and expenditure for our events span more than one year, and this accounts for £6,344 of this figure. About £2000 of the remaining surplus is from general club activities and donations while the rest can be attributed to our events.
